AMERICAN NICKEL WORKS,

Camden, N. J. Sept 1 18 8/

Hon D. M. Dap Supt U S Mint

Dear Sir

I have been advised to the limit in August 19. oz. of large blanks, which I take to be an account of the order for 50. oz. last given to me

There is some little advantage or convenience in forwarding shipments of 4 oz. each, and I would thank you to inform me whether I shall send to you eight such shipments or 32. oz., instead of the 31. oz. which is all your order calls for

I wish to have it finish no surplus left over to be offered to you when the authorized deliveries are completed, and will undertake, if you now authorize me to send the eight 4. oz. shipments, that you shall not be asked to take such an irregular surplus

Yours truly

Joseph Wharton

Hon. D.M. Fox, Supt. U.S. Mint

Dear Sir

There have been delivered to the Mint in August 19,000 lbs. of bronze blanks, which I take to be an account of the order for 50,000 lbs. last given to me.

There is some little advantage or convenience in forwarding shipments of 4,000 lbs. each, and I would thank you to inform me whether I shall send to you eight such shipments or 32,000 lbs., instead of the 31,000 lbs. which is all your order calls for.

I wish to have if possible no surplus left over to be offered to you when the authorized deliveries are completed, and will undertake, if you now authorize me to send the eight 4,000 lb. shipments, that you shall not be asked to take such an irregular surplus.

Yours Truly,
Joseph Wharton
